LETTER OF RECOMMENDATION

I am pleased that Srimanta Sankaradeva University of Health Sciences (SSUHS) is organizing its first Campus Placement Drive for Nursing and Allied & Healthcare graduates on 9th and 10th January, 2027 at the Maniram Dewan Trade Centre, Guwahati.

SSUHS has, over the years, made a significant contribution towards developing skilled healthcare professionals for Assam and the country. The proposed placement initiative is a commendable step towards facilitating meaningful employment opportunities for its graduates and strengthening collaboration between academic institutions and prospective employers in the healthcare sector.

I understand that leading healthcare institutions, hospital chains, diagnostic networks, pharmaceutical organizations and public sector undertakings from across the country are being invited to participate in this event. I am confident that this initiative will provide a valuable platform for identifying and recruiting talented young professionals trained under the University's academic and professional standards.

I commend the efforts of the University authorities in undertaking this pioneering initiative and encourage prospective employers and healthcare organizations to actively participate in the placement drive. Their engagement will not only support the career aspirations of young healthcare professionals but also contribute to strengthening the healthcare workforce of the region and the nation.

I extend my best wishes for the success of this initiative and trust that it will emerge as a significant milestone in advancing employment opportunities for healthcare graduates.

(Dr. Himanta Biswa Sarma)
